

# VINOJET™

Worldwide No.1

## Auszug aus der internationalen Referenzliste

Dezember 2012 - weltweit über 35'000 Kunden

## Introduction

We have over 17 years experience developing 'professional wine by the glass service' in a diverse range of UK and International on-trade operations and are now recognised as World leaders in the field of wine and Champagne preservation technology. Our customer list reads like an industry "who's who" and includes the finest restaurants, hotels and bars, as well as globally renowned bar, pub and hotel chains. We are also pleased and extremely proud to count the three largest wine suppliers/makers in the World as 'Le Verre de Vin' distributors (Moët-Hennessy, Fosters and Constellation Brands).

As closely as we can tell, there are now over 35,000 outlets using Le Verre de Vin in more than 70 countries around the world. The list that follows is by no means exhaustive and is intended simply to demonstrate the diversity of outlets, which benefit from using the system. If you would like to contact a user directly, please allow us to extend the usual courtesy of forewarning the customer concerned.

## Contents

The list is separated into the following regions. Each section is then further broken down by country and type of operation i.e restaurants, wine makers, hotels etc.

# Europe

## Austria
